NUMISTAR: A COLLECTOR'S DESK

INTRODUCTION:

This year I am planning to upload my currency collection on internet for a world record inspection. I want to put my collection on bid sale after that.
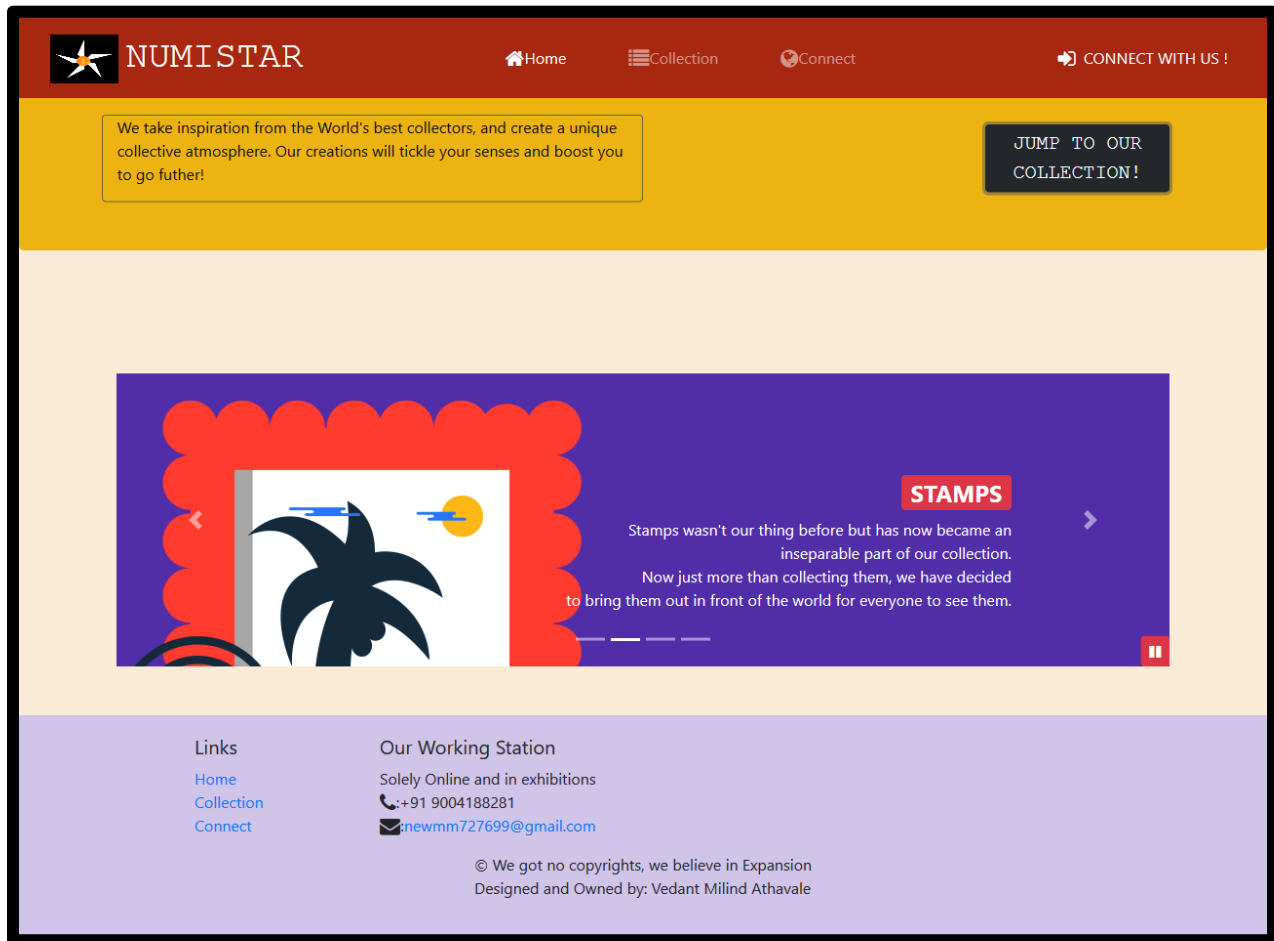

This will benefit me to collect some money from my collection, which I can further use for Masters studies. Also, the end user ,that is , both the Guinness and the buyer would benefit as he would get to the collection with the actual image. There will be an introduction/about page in my project from where people can know more about my project.

I am going to include images from my collection as well as resources. It means that it will contain both local image uploading as well the use of anchor tags. Further, I will be using the anchor tags to link the website like numista to help my user get more information about the collection.

DESIGN AND IMPLEMENTATION:

- **I FIRST VISITED VARIOUS WEBSITES RELATED TO NUMISMATICS AND COIN FORUMS.**
- **IT HELPED ME TO FORM AN IMAGE OF WEBSITE PREHAND.**
- **I MADE A VARIOUS NUMBER OF CHOICES ALONG WITH THE HELP OF THE RISTORANTE CONFUSION WESITE THAT JOGESH MUPPALA SIR TAUGHT US.**
- **THE CHOICES WERE TO ADD A COLLECTION PAGE TO MY PROJECT ALONG WITH ADDITION OF A BOOTSTRAP CLASS CALLED SCROLLBAR**
- **SCROLLBAR USES BOTH JAVASCRIPT AS WELL AS CSS FEATURES.**
- **LIBRARIES SUCH AS NPM, NODE, BOOTSTRAP, ETC. WERE USED IN MY PROJECT.**
- **I MADE USE OF FORMS, CAROUSEL, MODALS, ETC. WHICH USES JAVASCRIPT CLASSES ALONG WITH A JQUERY CODE.**
- **MY SITE CONSISTS OF A HEADER AND FOOTER IN WHICH NAVBAR IS FIXED TO THE TOP AND FOOTER IS STATIC BOTTOM. THE FOOTER IS SAME ACROSS ALL THE PAGES.**
- **THE HEADER CHANGES WITH DIIFERENT PAGES.**
- **THE PROJECT CONSISTS OF A TABLE WHICH HAVE USED TABLE-DARK CLASS AND SHOWCASES MY COLLECTION.**

BANKNOTES : THE DREAM OF MANY

Unlike coins and stamps banknotes are always the expensive segment
of collection. Not everyone steps into it without any prior expertise.
Yes, we do collect them as per our affordability , but
it has always remained a dream of many collectors.

A COIN & ITS INFO

Image	Info	To know more
France	French Franc coins were replaced by Euro coins in 2002 when the Euro became France's national currency. The exchange deadline for French pre-euro coins expired in 2005. Since then, franc and centimes coins from France no longer have a monetary value.	https://www.worldatlas.com /articles/what-is-the-currency-of-france.html https://www.britannica.com /topic/franc
Germany	The German mark had a reputation as one of the world's most stable currencies; this was based on the monetary policy of the Bundesbank. The policy was "hard" in relation to the policies of certain other central banks in Europe. The "hard" and "soft" was in respect to the aims of inflation and political interference. This policy was the foundation of the European Central Bank's present policy[clarification needed] towards the euro	https://en.wikipedia.org /wiki/Currency_of_Germany https://www.worldatlas.com /articles/what-is-the-currency-of-germany.html
Nigeria	The inaugural coins of Nigeria's currency featured the bronze 1/2 and one coins and the cupro-nickel 5, 10, and 25 coins. The 1/2 kobo coins were however not minted the following year. Smaller copper-plated-steel 1, 10, and 25 kobo coins were disbursed in 1991 in addition to 50 kobo and 1 naira nickel-plated steel coins.	https://www.xe.com/currency /ngn-nigerian-naira https://www.worldatlas.com /articles/what-is-the-currency-of-nigeria.html
Philippines	The Philippine peso is derived from the Spanish peso or pieces of eight brought over in large quantities by the Manila galleons of the 16th to 19th centuries. From the same Spanish peso or dollar is derived the various pesos of Latin America, the dollars of the US and Hong Kong, as well as the Chinese yuan and the Japanese yen.	https://www.xe.com /currencyconverter/convert /?From=PHP&To=USD https://www.worldatlas.com /articles/what-is-the-currency-of-the-philippines.html

CONCLUSIONS

- THIS PROJECT WAS NOT ONLY MADE BY ME TO GAIN AN HONORS CERTIFICATE. I HAD BEEN THINKING OF LONG TO CREATE MY OWN WEBSITE WHERE I CAN SHOWCASE MY HOBBY IN FRONT OF THE WORLD.
- AFTER THE COMPLETION OF MAKING THIS WEBSITE (AS I HAVE ONLY LEARNT FRONT-END AND YET TO ENTER THE BACK END), THE SERVER SIDE DEVELOPMENT ALONG WITH THE USE OF MONGO DB WILL BE DONE IN FUTURE.

- I ASPIRE TO BE A FULL STACK DEVELOPER AND WORK LARGELY IN THE SEO FIELD WHICH WILL HELP TO GET INTO A GOOD INTERNSHIP AS IT WILL HELP ME PURSUE MY MASTERS WITH SOME PRIOR EXPERIENCE.
- FROM THIS PROJECT, I LEARNT HTML, CSS AND JS ALONG WITH A LARGE NUMBER OF BOOTSTRAP UTILITIES AND COMPONENTS. MY NEXT TARGET IS TO LEARN REACT.JS.
